

Pentagon Freight Services Plc and Pentagon Freight Services Inc are pleased to announce that an agreement has been reached with Energy Express Holdings BV, to acquire the current portfolio of business for Rulewave, (UK) Limited and Rulewave Inc.

Rulewave (UK) Limited and Rulewave Inc were co-founded by Barry Whiteley in 1987 and have progressively developed into a global logistics service provider, specialising in the worldwide transportation and safe handling of Steel Tubular Products within the energy and resource sector.

This partnership between our two businesses is a strategic alliance bringing to the Pentagon Group a successful and established logistics service provider, that has experienced significant success within our core business.

I believe that this, along with our current programme of significant investment in developing our systems, people and processes, will deliver additional exposure in the market and growth via new business.
